

A LITTLE CLASSIFIED AD. INSERTED IN THE CAPITAL WILL BRING SURPRISING RESULTS

DISCOUNT MORE UPON RESIGNING OF

EDMONTON CAPITAL

LAST EDITION. Fair and milder today and Wednesday. TEN PAGES. VOL. V. EDMONTON, TUESDAY, MARCH 31, 1914. No. 77

JUDGMENT RESERVED BY CHIEF JUSTICE

Injunction Proceedings to Stop Publication of Gazette Heard. PAPER COSTS MUCH MORE THAN WAS FIRST STATED. Strong Opposition to Municipal Sheet is Alleged by Counsel.

The application to quash the council's resolution to publish the official gazette was heard this morning before Chief Justice Harvey and occupied the entire morning. The application was made by C. F. Newell, of the firm of Evers, Newell, Ford and Bolton, and was made at the request of J. T. Kealey, a south side resident for whom Mr. Newell is acting.

Frank Ford, K.C., acting with Mr. Newell exhibited and read evidence and a large number of affidavits from men of the city, among them ex-Mayor Robert Leckie, ex-Alderman Bellamy, H. Prosser, S. Smith, a Journal reporter, and others, the contents of all being along lines denouncing the publication of the Gazette, claiming that it was an unnecessary and expensive publication.

It was said that the mayor had stated that the cost of the Gazette would be in the neighborhood of \$15,000 per year, whereas in reality it is costing at the rate of over \$25,000. Mr. Ford quoted at great length from recent issues of the Bulletin, in which the mayor criticized the reports of council meetings in this paper.

Mr. Newell said that the cost of the Gazette was very uncertain, although the mayor claimed, more would be made through advertising. He claimed there were many voters outside the city who have no opportunity to express their opinion on matters that appeared in the Gazette. He said there were no arrangements to have the Gazette sent to these outside voters who should have a chance to know its contents.

Mr. Newell said that the city council had no legal improvement or by-law which would be published in the Gazette. He said that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette.

Mr. Newell said that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette. He said that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette.

Mr. Newell said that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette. He said that the city council had no right to publish anything in the Gazette, and that the city council had no right to publish anything in the Gazette.

ADVERTISING VALUE OF THE CAPITAL AGAIN IS PROVED IN A MOST CONVINCING MANNER

No one in this city or district doubts that farming pays unusual profits here, that the land and weather conditions are first class, that it is exceptionally cheap considering these things, and that farmers are needed more than anything else.

But it is one thing to know this ourselves and another to let the world know it. This is one of the missions of the Edmonton Capital, and that it is succeeding to an admirable degree could be seen by reading letters received from readers and advertisers daily.

Re. Stafford, for instance, inserted a small ad in the Capital's want columns recently. He advertised a farm for sale and, although he had it in for only two days, received no less than 163 replies. Mr. Stafford has shown the Capital one from Norman M. Stewart, of 3617 Wilton avenue, Chicago, which is as follows:

"Dear Sir,—Having noticed your ad in the Edmonton Capital for farm for sale, will be pleased to have you send me all information regarding said property. I was in Edmonton last November and was well pleased with the surroundings, and feel that I would like to invest money in farm lands in the Edmonton district."

Other instances like this are occurring practically all the time. Charles S. Hotchkiss, public commissioner for the province of Alberta, was so surprised at the large number of replies from a notice in only one issue of the Capital regarding a small handbook of the province that the notice was read more widely all over the country than he formerly believed any Edmonton paper to be.

The Capital is the paper that is read by all classes all the time. It makes a feature of giving a large amount of the most practical and up-to-date publicity of this city, and especially of this district, which is calling to the world with its farming opportunities. If you want to see the mail man often, advertise in the Edmonton Daily Capital.

ARRANGE FINAL DETAILS; START DRILLING SOON. Foreman for International Supply Company in City Buying Camp Supplies. DISCUSS QUESTION OF A LADIES' AUXILIARY Luncheon to Be Called in Near Future to Complete Organization.

J. R. Hulse, foreman of the International supply company at the gas drilling outfit at Viking, is in the city today buying camp supplies and equipment for the men who will drill for Edmonton's gas for the next couple of months near that town. He has bought two tents, 14 by 16 each, beds, stoves, and enough equipment and supplies for the work—all in Edmonton.

Mr. Hulse reports that the full drilling outfit is now at Viking station on the G.T.P. It will take probably two weeks to get it all moved over to the ground and perhaps two more to erect all the machinery and equipment ready for drilling. Altogether it might take 45 to 60 days.

The Edmonton Industrial association is also busy along other lines. Tomorrow at 12:30 the agricultural sub-committee of the industrial committee of the association will meet in the room on the fourth floor of the Hudson's bay company's store. As Thursday of this week is "Agriculture Day" the meeting will be an important one.

Mr. Hulse reports that the full drilling outfit is now at Viking station on the G.T.P. It will take probably two weeks to get it all moved over to the ground and perhaps two more to erect all the machinery and equipment ready for drilling. Altogether it might take 45 to 60 days.

STRONG PRESSURE BROUGHT TO BEAR THAT HE SHOULD ADD TO COLLEAGUES' TROUBLES

After a Week of Sensational Developments in Connection With the Ulster Situation, the House of Commons Starts the Debate on the Second Reading of the Home Rule Bill—Reported that Jim Larkin Will Oppose Asquith as a Candidate at the By-election

London, March 31.—Vicecount Morley, of Blackburn, lord president of the council, today abandoned his intention of resigning from the cabinet as intimated in the house of lords yesterday. The cabinet met today and the strongest pressure was brought to bear on lord Morley not to add to the difficulties of his colleagues by giving up his office.

After a week of sensational developments in connection with the Ulster situation, the house of commons started the debate on the second reading of the Home Rule Bill for Ireland today. It is expected the measure would occupy the house for at least days.

The absence of Mr. Asquith who is in charge of the bill was bitterly complained of by the unionists.

It is reported from Dublin that President Asquith is to be opposed in the by-election for East Fife by James Larkin who as head of the Transport Workers Union was leader of the strike in Dublin last autumn. In connection with the strike Mr. Larkin, was sentenced to seven months imprisonment in October for inciting to riot, but later was released.

Sir Edward Grey put forward a hint that the government was ready to go to the country for a general election if parliament could not pass the bill abolishing the system of plural voting, giving home-rule to Ireland and dissolving the unionist party.

The establishment of a federal system of government for the British Isles was suggested to the house of commons today by Sir Edward Grey, as a solution of the home-rule difficulty.

It is suggested that the unionist party should be dissolved and the unionist party should be dissolved and the unionist party should be dissolved.

It is suggested that the unionist party should be dissolved and the unionist party should be dissolved and the unionist party should be dissolved.

It is suggested that the unionist party should be dissolved and the unionist party should be dissolved and the unionist party should be dissolved.

ALBERTA FARMERS MAKING RECORDS IN HOG RAISING

Wonderful Results Obtained By Breeders in Inga District. WINNER SECURED AVERAGE GAIN OF 1.1 LBS. DAILY. Live Stock Commissioner Stephens Tells Meeting of Best Methods.

The farmers of the Inga settlement in the Stony Plain district have embarked in a kind of friendly rivalry, that the farmers of other districts can well afford to imitate. The object is to ascertain who can produce the heaviest weight of live pork in the shortest time.

Last year 16 farmers entered the competition. Each paid a fee of 25 cents and the total amount was put up as prize money. The one who was able to show the largest average daily gain was to take the prize.

On Friday evening, March 28, a meeting was held at the Inga school house for the purpose of awarding the prize and of hearing each contestant explain his method of growing hogs.

The winner was N. H. Berthier, a local settler, who raised a Berkshire sow and one piglet. From the remaining 15 contestants, he secured an average daily gain of 1.1 pounds. He fed the sows whole wheat through the litter and the piglets on ground oats.

After farrowing he fed them all up to the time of parturition on ground oats. He finished them on ground oats and barley fed from a self-feeder. While being finished for market the animals were confined in pens.

Another competitor who is deserving of special mention is Frank Till. Mr. Till bred 23 grade Berkshire sows. Five of these were bred to a Berkshire boar and 24 to a Yorkshire. He saved the runt of a litter and put it to the litter, which made an average gain of 30 pounds per day.

Mr. Till gave the runt of a litter to the time of parturition on ground oats and barley fed from a self-feeder. While being finished for market the animals were confined in pens.

After the prize had been awarded and the contestants had explained their methods, the meeting was addressed by Live Stock Commissioner W. E. Stevens, who directed attention to these points in the method of raising hogs.

DESPERATELY WOUNDED ACTUALLY OVERFLOWING STATE OF CHIHUAHUA

Chihuahua, March 31.—War is reaping its whirlwind in this capital city of the Yula revolution. All day today the hospital train has been flying the red cross flag between here and Bermujo, which is the field hospital for the gathering of the wounded off the battlefield. There is nothing here but the wounded men and boys who should be in school, suffer side by side in these rough board shelters and attempted to aid each other to bear the pain of badly infected wounds until they are relieved at the general hospital.

The state of Chihuahua is actually overflowing with desperately wounded. At Jimenez Parra Santa Rosalia and Santa Barbara, every public building, private residence and hospital is being filled with them.

MANY CONVERTS TO DOCTRINE OF MIXED FARMING

Educational Propaganda of Provincial Government Is Bearing Fruit. SHIPMENT OF HOGS AND CATTLE MAKE BIG JUMP. Agriculturist Now Holding Female Stock for Breeding Purposes.

That the educational propaganda of the department of agriculture of the province of Alberta is bearing good fruit, alone with other conditions, which have arisen, is now inducing Alberta farmers to raise more and better cattle and hogs, is evidenced by figures which have just been prepared by W. F. Stevens, live stock commissioner.

Shipments of hogs during the year 1913 show the remarkable increase of 101 per cent over 1902. In other words, more than two times as many hogs were sent to market in 1913 as in 1902. The figures for 1913, however, show that for every female shipped, there were more than two males on the average. This indicates that the farmers are holding their female stock much longer and expect to see even greater increases in the live stock industry of the province.

Shipments of hogs during the year 1913 show the remarkable increase of 101 per cent over 1902. In other words, more than two times as many hogs were sent to market in 1913 as in 1902. COMMUNITIES IN EAST WORRYING AT BIG WESTERN TREK

Commissioner Hotchkiss Says Best Men Leaving Old Farms. COMPILING OF STATISTICS IS MOST IMPORTANT WORK. Tells of Convention at Ottawa Held to Standardize Methods.

"Down east they do their own statistics than they do more of, and their industrial and commercial activity is determined more by the reports of the crops and other things in the west than those of the east," said Charles S. Hotchkiss, provincial public commissioner, who has just returned from a trip to Detroit, Toronto and Ottawa, having gone to the latter city to attend the convention called by the dominion minister of agriculture.

Hon. Martin Burrell one of the objects of the trip was to standardize the methods of compiling statistics in all of the provinces.

Shipments of hogs during the year 1913 show the remarkable increase of 101 per cent over 1902. In other words, more than two times as many hogs were sent to market in 1913 as in 1902. RUMOR GLADSTONE HAS BEEN OFFERED HARCOURT'S PLACE

Also Said That Sir Ian Hamilton Will Succeed General French—Government Anxious to Abolish the Position of Inspector of Overseas Forces—Asquith's Change Approved.

London, March 31.—The government had a majority of 73 in a division in the house of commons last night, as compared with the majority of 92 by which Home Law's motion of censure was defeated last week. Last night there were 22 nays. Sixty-nine "Redmondites" did not vote.

Thought Nothing But Death Would End Her Misery.

WAS TROUBLED WITH Heart Disease.

Mrs. J. D. Talbot, Owen Sound, Ont., writes:—"I have been a great sufferer from heart disease, and feeling very low. I have had recourse to every kind of treatment I could think might help me, including the skill of several doctors. I suffered so for years that at times I have felt nothing but death could end my misery. I was advised by a friend, who had suffered untold pain and misery, just as I had, and had been cured by Milburn's Heart and Nerve Pills, to give them a trial, so I decided to do so. I am now completely cured, and can rest and sleep as I have not done for years."

You are at liberty to use my name at any time as I am convinced they are the best pills on the market for any form of heart disease."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Ask for GAELIC Old Smuggler SCOTCH

"Da' aindian co' the' nath' n' (Gaelic)
"Gaisne' who' d'ist' (English)
There be those foolish enough to try to switch you from trying Gaelic Old Smuggler Scotch Whisky—But just taste its flavor ONCE. It's superb!

"CASCARETS" THE BEST LAXATIVE

If constipated, bilious, headache, Stomach sour—Clean up tonight!

Get a 10-cent box now. You men and women who can't get relief from your bowels, head-ache, tongue, foul taste and foul breath, dizziness, can't sleep, are nervous, nervous, nervous, and have backache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets work while you sleep; cleanse the stomach, remove the sour, indigestible, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels.

A Cascart tonight will straighten you out at morning—no 10-cent box. Any drug store will keep your stomach sweet; liver and bowels regular, and head clear for months. Don't forget the children. They love Cascarets because they taste good—never grip or sicken.

GIRLS' WARDROBES WOULD PUT SHAME SOCIETY QUEENS

Evening Dresses, Silk Under-skirts, Yellow Chiffon Sequin Jacket, etc., Produced.

ARE FOUND GUILTY—STEALING FROM STORE

Goods are Identified But Salesmen Cannot Remember Selling Them.

Anyone who has ever been engaged for any length of time in the art of selling goods in a retail establishment, and especially ladies ready-to-wear, will readily understand how easy it becomes to remember certain garments one sells, for considerable time after the transaction takes place. And if you were a salesman or saleslady in one of Edmonton's department stores, and were asked to appear in court and identify certain articles of dress, it would require but a mere glance to remember whether or not the goods came from your store and if you did ever sell them.

Yesterday two young girls appeared in the district court before Judge Taylor, charged with having stolen goods in their possession. Their names are Jennie Pavlovsk and Lily Sikar, and are two of the first to be charged with a crime of this kind in this city.

They were charged with having stolen a number of goods, mostly dresses and such like, from a ready-to-wear store in the city. The goods were identified by the salesmen, but the girls denied having sold the goods.

All the evidence in the case was not taken, but will be heard July. The girls claim they bought some of the articles from a woman at a dance, and others at the stores in question, and will be given an opportunity to state their case when they appear before the judge today.

The case was concluded in court this morning, when Judge Taylor found the girls guilty and remanded them till Saturday morning for sentence.

MANY CHANGES IN PROVINCIAL LIQUOR LICENSE DEPARTMENT

Several changes in the provincial liquor license inspectors has recently been made by the attorney general's department, through the re-division of the license inspectors' districts.

Jerry Chamberlain has been appointed inspector for district "A"—west of Edmonton.

John Fisker has been appointed inspector for the country north of the Saskatchewan river and east of the line between ranges 17 and 18—district "C".

Robert McLachlan has been appointed inspector for district "D" in the southern part of the province, resident at Grassy Lake.

The large territory under the inspection of Donald Gillespie of Olds and John Melchison of Medicine Hat, in which a lot of new towns have sprung up on new lines of railway, has been divided into three inspectors' districts. Inspector Melchison goes to Calgary to take over the district east of that city along the C.N.R., G.T.P. and C.P.R. as far west as Okotoks. J. O'Connor takes over the Medicine Hat district as far west as Baseline on the first of May.

A new district has been created in the Crown's West Pass country, which William Grant takes up inspection's duties on April 1.

"TIZ" FOR SORE, TIRED FEET—AH!

"TIZ" is grand for aching, swollen, sweaty, calloused feet or corns.

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, sweaty feet. No more soreness in corns, callouses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ". "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" cures your feet trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ". Get a whole new foot comfort for only 25 cents. Think of it.

CHANGES MADE IN HOMESTEAD REGULATIONS

Time for Securing Patents on Pre-emption is Cut to Three Years.

MAY QUALIFY FOR PATENTS BY STOCK

Laws Made With View of Encouraging Mixed Farming on Prairies.

Ottawa, March 31.—Hon. Dr. Roche announced yesterday a number of important changes in the homestead and pre-emption. These changes have been under consideration for some time and have for their object the improvement of the position of the new settlers and the encouragement of cattle industry.

The amendments to the homestead lands act of far-reaching importance to the western homesteader. One clause fixes the time for securing pre-emption from six to three years and abolishes the interest charges of five per cent. However, a homesteader has the option of paying for his pre-emption in six years and in that case he charged interest during the last three years.

Another important amendment allows homesteaders on land which is not of the highest grade to qualify for their patents by keeping stock instead of breaking land to a certain amount at present. The five-year period must be five head of cattle, in the second year ten, and in the third sixteen. On pre-emption the homesteader can also secure his patent by keeping stock in lieu of cultivation, except that the homesteader must have 34 head of stock instead of 16. The principal object of this amendment is to encourage mixed farming and cattle raising.

There are a number of other amendments of which the most important is the withdrawal from entry of sale, lands adjacent to water powers.

There are also a number of changes in the irrigation act but they are largely technical, such as arranging for order of precedence for disposal of water for municipal and other purposes.

The amendments to the forest reserve act provide for the forest reserve certain areas to the present forest reserve chiefly in Alberta and Saskatchewan.

A year ago these areas were temporarily placed under the act and they are now permanently apart of the forest reserve.

Carpenter in Ottawa. Ottawa, March 31.—Sgt. R. C. Carpenter, ex-chief detective of the Montreal police department, former chief of police of Edmonton, and now assistant commissioner of the Montreal police, is in the west, in the case of the late Laurier. He is here to settle some details in connection with the position to which he recently was appointed.

CAVALRY TRAINING INSTRUCTION SCHOOL AT VEGREVILLE SOON

A provisional school of instruction will be established at Vegreville, Alberta, for cavalry training. The school will be for a period of four weeks, commencing May 1, 1914.

NEEDLES IN BRAIN OF CHILD DID NOT CAUSE HER DEATH

Interest Theory By Dr. Landry as to How They Got There.

TELLS STORY OF MAKING STARTLING DISCOVERY

Jury Recommends at Inquest That Parents Be Deported to States.

That Frankie Green did not come to her death through the needles that were in her brain, was the finding of the coroner's jury last night. Death was due to pressure of the enlarged thymus. The verdict as returned by the jury was as follows:

"We find that Frankie Green came to her death about 9 o'clock on March 18, 1914, at 449 Gallagher street, and that her death was caused by pressure of the enlarged thymus ('Rhythmic death'), that the needles which were in the brain of the child were not a direct cause with the death, although we have no doubt that they were put in the brain when the child was young with the intention of destroying its life. From the evidence submitted by the mother of the child and the witness Lewis, which is contradictory in nature, we would recommend that they be deported as undesirable."

While the mode of death has been explained to the satisfaction of the jury, the mystery of how the needles got into the brain has not been cleared. The general supposition seems to be that the needles have been in the brain for some years.

Dr. Landry at the inquest offered what he called a plausible solution to the mystery. He stated that there is a possibility that the needles were placed in the child's head before the soft spot which is to be found on every child's head up to the age of two years, had closed up. Or again there is the possibility that the needles had been placed in the child's head before the soft spot had closed up, and that they had gradually worked their way to the brain where they were found. In support of this the doctor told of a case where a needle had entered at the finger and worked out at the breast. But these cases are very rare and then it would be nothing short of miraculous for five needles to all work to the same point in the brain.

Dr. Landry explained to the jury how he had discovered the needles when he was making the autopsy. "We turned the brain over on its top part and made three or four cuts, beginning in the back and going forward, and then half an inch between each cut. About the fourth cut I struck something hard, and in my each case I found a needle. It was never so surprised before. It was an ordinary sewing needle about 18 inches long and was corroded." He also told of the finding of the other four needles.

Arrangements are being made to have the parents of the child deported, he said.

STOMACH HEALTH—OR NO COST TO YOU

Very likely others have advised you to use Realax Dyspepsia Tablets, because scores of people in this country believe these to be the best remedy ever made for Dyspepsia and Indigestion. That is what we think, because we know what they have done for others and what they are made of. We have so much faith in them that we use you to try them, our risk. If they don't help you, they won't cost you a cent. If they don't do what we say they will do—if they don't restore your stomach to health and make your digestion easy—just tell us and we will give you your money without a word or question.

Containing Pepsin and Bismuth, two of the greatest digestive and known medical science, they soothe the inflamed stomach lining, help in the secretion of gastric juices, break heartburn and distension, promote regular bowel action, and make it possible for you to eat whatever you like whenever you like, with the comforting assurance that there will be no bad after-effects. We believe them to be the best remedy made for dyspepsia and indigestion. Sold only at the more than 7,000 Realax Stores, and in this town only at A. Archibald, Druggist, 215 Jasper East.

TWO WOMEN SHOT DEAD AND WOUNDED MAN IS SUSPECTED OF DEED

Chicago, March 31.—Mrs. Catherine Morris and Mrs. Sarah Salans, live long friends and neighbors in the crowded west side, were shot to death yesterday, while at work in their houses. The bodies of the women were found in a neighborhood character and a boarder in the Salans home, was found hiding in a closet in his room, most of the bodies from two bullet wounds. He is suspected by the police of having killed both women and then attempted suicide.

"A man shot us" was his only statement. The police believe Walter attacked the two women while intoxicated, there was no evidence of attempted robbery.

CAVALRY TRAINING INSTRUCTION SCHOOL AT VEGREVILLE SOON

A provisional school of instruction will be established at Vegreville, Alberta, for cavalry training. The school will be for a period of four weeks, commencing May 1, 1914.

Catarrh Never Stops in Same Place Reaches the Lungs—Develops Consumption

To Stop a Cold Quickly and Prevent Catarrh, Use "Catarrhazone."

Nothing more serious than the common cold. If it gains headway you can't stop it from running into catarrh, deafness, or serious throat trouble. Catarrh spreads very fast. From nose to throat it goes in a day, and before you know it, unless you use healthy the lungs are hit, and it's too late.

While you have the chance, drive colds and Catarrh right out of the system.

You can quickly do so by inhaling the rich piney vapor of Catarrhazone.

Right to where the living germ of Catarrh is working will the healing fumes of Catarrhazone go in ten seconds. No liquid medicine can penetrate to the deep recesses. Catarrhazone has its soothing vapor—but that's why it proves so wonderfully effective.

The health-laden vapor of Catarrhazone cures the worst of coughs and hoarseness. The uttermost parts of the bronchial tubes are reached. Bronchitis is cured—every cell in the head, throat and nose is treated by Catarrhazone's wonderful fumes.

You can't beat Catarrhazone for hoarseness, weak throat, sore nostrils, catarrhal and bronchial trouble of any kind. Get the complete 21.00 outfit, smaller size 50c. Trial size 25c. at dealers everywhere.

Remarkable X-ray photograph taken by Dr. G. H. Malcolmson, of Seventh street, of the brain, in which were found five needles, of Frankie Green, the six-year-old colored girl. The brain in which the needles had been in the brain tissue is stated to be the best ever seen of the child for some years.

GEO. P. DOBSON & CO.

We have 25 feet on JASPER AVENUE between Second and Third Street. Revenue \$425 per month; for sale at \$2,752 per foot frontage. This price is lower than any property has been in this block in the past two years. Act quickly, as it won't last.

I have one of the best houses in the West End for sale cheap. When I say cheap I mean it. If you have any money to invest I would like you to give me a call (say in amounts \$500.00 up), as I have some shops at present which are bound to double your money.

We have a lot on Seventh Street, in Block 6, with house renting at \$50.00 per month; only five lots from Jasper. Will sell cheap. Spur track now under construction.

We have close in acreage which we will trade for farm lands or houses or vacant lots. I am person having a clear title lot worth \$35,000.00, we will trade a lot with new brick and concrete block, which will pay 10 cent. on \$55,000.00, by party assuming double corner at 8 percent over five years.

Will lease for 99 years, double corner at 8 percent. Peace for warehouse purposes at 4 percent. on a valuation of \$80,000.00. Lots 181 and 182, Block 2, 11th St., Fourth Street, on spur and paved street. Revenue producing. Will sell for \$10,000.00. Cash \$5,000.00. \$10,000.00 in ten months; balance equal payments over four years; or will take city property in part payment.

Finds His Wife After 35 Years; Canada Will be Home

Each Thought the Other Dead, But Remained True to Their Memories and Never Remarried—Reunited After Traveling All Over the World—Romance of War and Peace.

New York, March 21.—A grey-haired man of prosperous appearance stepped quickly upon a stool on the third floor of a house in Williamsburg yesterday morning. His manner was that of one who seemed to dread the outcome of what was about to happen.

The door opened. Confronting the man was a woman of about his age, with grey hair, too. Wonderingly she stood as he walked in, wiping her hands nervously upon her apron.

"Is it a moment or two he struggled for speech, then he regained self-control."

"He cried, holding out both hands to the woman, 'Don't you know me? Don't you know your husband?'"

"They told me you were dead," she replied, "and I had thought you were dead."

"I found you were living," he said, "and I found you were living."

The woman's face was as grey as her hair. For a moment she stood as one who had been struck by lightning. Then she threw herself into his arms and called his name as her husband.

More than thirty-five years ago Alfred Welland, then a prosperous British resident of Cairo, Egypt, became involved in the Egyptian-Turkish war. He was an intimate friend of Osman Pasha, the Turkish sultan, and enlisted in the Turkish army at the outbreak of the Turkish-Russian war. Osman made him an officer, and he marched away with his command, after saying goodbye to his young wife, who stayed in Cairo, telling of her husband's continued safety of a further promotion. Then, for a time, no news came.

In 1877 the rumor swept through Egypt that a terrible battle had been fought at Elveina, and that thousands had been killed and wounded. Official reports confirmed this, and the last of the dead contained the name of Captain Alfred Welland.

The wife was broken hearted. She was fully well-to-do, and had no cause to worry about that account, but the loss of her husband made her very ill for a long time. When she recovered she sought to trace her husband's body, but learned that he had been buried in an unmarked grave.

After a year Mrs. Welland sold her home in Cairo and with her young son, left the country. She went first to Australia, traveled there for a while, and finally came to the United States, settling in New York. She had for years been firm in the belief that her husband was dead, and had given up the search for him.

The same now chances to Cairo.

For Your Easter Hat Get a Modified French Model

Origins' French Models are sometimes a little too extreme for the tastes of Canadian and American women. As a result the New York designers use the French ideas and modify them to meet the tastes of fashionable women of this continent. In smartness and charm these American models stand equally high as the original Parisian designs, and often are even more entrancing. But the little clever touches that make them American rather than Parisian are indispensable to good taste and to good style on this side of the Atlantic. We have many such elaborate modified Parisian models for your inspection—and suggest that you inspect the two following for an idea of what we can offer you at the low prices of \$15.00 and \$20.00.

A charming black hat. The up-turned brim being of transparent horse-hair braid. The shape of this hat, rather follows the tendency of the colonial outline. A soft transparent crown of black maline also adds to the light graceful effect which is the dominant characteristic of this hat. Brush ornaments are placed at the back and finished with flat bows of narrow black moire ribbon.

Small Turban of Citrine Straw and black Chantilly lace, a facing of black moire on right side of crown having a flange of Chantilly lace from front to back, banded in on the side with large roses in tango, silene and cyrenaic shades. Price \$15.00

An Unprecedented Purchase and Sale of Laces and Trimmings at 30c on the Dollar

Dr. Wood's Norway Pine Syrup CURED HIM.

Dr. Wood's Norway Pine Syrup CURED HIM.

Dr. Wood's Norway Pine Syrup is generally the result of a cold caused by exposure to wet and inclement weather, and is a very dangerous inflammatory affection of the bronchial tubes. It is a neglected bronchitis is one of the most general causes of consumption, and it is only by the use of Dr. Wood's Norway Pine Syrup.

Mrs. C. G. Dring, Hamilton, Ontario, writes: "Our little boy has been subject to severe bronchitis ever since birth, and different doctors claimed to be only able to relieve him temporarily. A neighbor advised me to use Dr. Wood's Norway Pine Syrup. I got a bottle, and after the third dose noticed a decided change. I kept on with it, and a couple of weeks were enough to completely cure him. Now we always keep a bottle on hand, and give it to him as soon as we notice him troubled with a cold, after which it disappears as if by magic. We recommend it to all our friends who find it is just as good as I say."

Bottle, 25c and 50c a bottle.

Buy one and get the genuine "Dr. Wood's" when you ask for it. Put up in a yellow wrapper, three pine trees the trade mark, and manufactured by The T. Millard Co., Limited, Toronto, Ont.

Russian Romance Ends In a Canadian Tragedy

Toronto, March 21.—The sad sequel to a Russian romance was developed at the coroner's inquest last night on the death of Annie Garrick, 106 Adelaide street west, Toronto. Her death, which occurred at her home, is believed to have been the result of a Russian romance. The young pair were in love in their Russian home.

The girl came to Canada, and her lover, though promising her, was too poor to follow, and he was forced into marriage in Russia by his parents. Still, he kept up a correspondence with the girl of his affection in Canada, and she sent him the price of his passage. He deserted his Russian bride after three months of marriage and came to Toronto. Shortly after his arrival here, however, the story of his marriage came also, and his first love refused to marry him, though he urged this. Then, in despair, he shot and killed her and turned his revolver upon himself, he indicted wounds which he thought would be fatal. To his disappointment he recovered, and last night he was at the inquest.

Mexico City, March 21.—A presidential decree has been issued, announcing the resumption of service in the matter of national debt, which was suspended last January. This will go into effect April 1.

Fit Your Easter Frock Over a Redfern Corset

HOCKEY RULES TO BE ADOPTED NEXT SEASON BY PROS.

No More Fines—No More Body-check Into Fence—6 and 7 Man Teams.

Montreal, March 21.—That there will be almost a general revision of the playing rules of professional hockey for next season was practically assured at a meeting of representatives of the National hockey association and the Pacific Coast league held here yesterday. The session was a lengthy one, as not only the playing rules and the penalty system were discussed but two of the three men allowed the coast league by draft were selected. Each of the clubs in the N.H.A. is allowed in alternate years to reserve any three of their men, while the coast league is the choice of the others. The two men chosen by the Pacific were "Steno" Thomas of Ottawa, and O'Grady of the Wanderers. The third man will be chosen from the Quebec club as soon as their reserve list is sent in.

The most important change suggested is in the penalty system. It was almost unanimously decided to do away with the fines and for any infringement of the rules a player will be ruled out for a stated period. The time set for the minor and major penalties was not decided on, but it is likely that it will be of the same duration as the penalties in the recent Stanley cup matches. A player will be given a warning, after which he will be ruled out for five minutes and for a second offence his penalty will be increased.

Six Six and Seven Men. The rule introduced the latter part of the season not allowing players to body check one another into the fence will also be adopted. The rink will be

SPORTS—GATHERED FROM EAST AND WEST—SPORTS

A new champion record for the 1000-yard run was fixed by Alvin K. Rivett of the Irish-American A. C. in the events held at Madison Square Garden under the Amateur Athletic union. Rivett's time was 2:15.2.

Bobby Kerr, secretary of the Ontario Basketball association, has asked Manager A. T. Taylor of the Toronto Y. Juniors to name dates for the home-and-guest games for the final championship games with Hamilton.

Monarchs have been noted for their speed in the west, and they certainly gave a great display in this department. Every man on the team is a speed merchant, and they go so fast that most of their efforts in the past getting line are of an individual character.

With three big leagues in season the office boys in Chicago will hardly have enough grandmothers to go around, and they will have to kill off some more distant relatives.

Harry Holmes and "Cully" Wilson of the Toronto professional hockey team, and who also play league in the summer, will line up with the Toronto, while Eddie Carmichael, and Doug McGreggor, who was the star of the Maritime league, will be with the Indians.

Hand it to Gordon Mesking—he is the coolest clearest stick-handler Toronto fans have seen this year. He is also the laziest. When he has to be on the speed merchants, but he is hard to persuade that it is necessary for him to speed up and back-check.

It now looks as though the Western Canada League game in Regina this year will be played on May 15th. At least this is the date set in a draft schedule drawn up by Barney Dreyfus which has been received in the city and approved of by the Regina club.

The Montreal Wanderers who the purse in New York, making it evident that some hockey players do respond to the call to labor when the Jingo of coin is about. They should have done better in the N.H.A. series.

Jack Gooch, the clever defence man of the Toronto R. A. A., dislocated his knee in the contest against the Monarchs of Winnipeg, and will be out of the game for the rest of the season. Gooch's loss is a severe blow to the champions.

At a meeting yesterday noon it was decided by the Toronto Y.M.C.A. to organize boys' baseball leagues to govern the five associations throughout the city.

That pro. hockey exhibition in New York looked more like a white horse elimination contest than a regular game. The lads were away from home and had to show the Americans that boogie are quite plentiful in dear old Canada.

Jeff Taylor, the Toronto carman, will not make the Oxford eight, Ward Seaton, having taken his position. The latter must be some sculler to beat the Canadian out.

After ironing out a schedule at Baltimore, President Gilmore announced that the Federal league champions would demand games with the National and American league pennant winners for the world's championship. Now, what a nerve! The big league champions split up that world's series with the outcasts? "Never, never," Gilmore claims that if the majors refuse to meet his champions he will claim the world's title by default. He can do all that, but it's a club his proposition will be turned down.

President Ed. G. Harrow of the Canadian International league in Toronto on his way to Mount Clemens, Mich., to spend ten days or two weeks recuperating. Mr. Harrow reports 29 defections from the international to the Federal league, of these Montreal lost eight and Toronto five.

Mr. Harrow reports the international in a flourishing condition, and expects a good season, despite the intrusion of the Feds.

The Toronto Motorcycle club held its annual at home in the Masonic Temple, last night.

We do not want to make any unpleasant suggestion, but if there is going to be a lot of fighting we will remain at home and look after the women and children.

It is getting harder every day to be good. The girls are now embroidering the names of the famous or business on their stockings in bright colors. We saw one set—yes.

The calendar does not mention any striking pistol displays during April, but we are looking to a large number of perfectly dazzling explosions of baseball phenomena.

The annual meeting of the Saskatchewan Cricket association has unanimously decided, after considerable discussion, to hold the inter-provincial cricket tournament in Regina during the first week in August, though the details of the week's matches will be left to a later meeting of the league to decide.

REFUSES FORTUNE FOR BALL CLUB

Cincinnati, March 21.—A decision of importance to minor league players was made yesterday by the National baseball commission in which claim of Player George C. Young, who asked the commission to reverse the decision of the national board's disallowance of his claim to be declared a free agent. The commission granted the player's reason.

That Charles P. Taft, brother of ex-President William H. Taft, does not intend to sell his controlling interest in the Chicago Cubs, of the National Baseball league, is the belief of many baseball experts in Chicago. Mr. Taft has already refused \$750,000 for his holdings, and it is doubtful if a higher offer would tempt him.

PITTSBURG FEDS IN COURT ACTION

Sheriff After Franchise and Other Property of Club.

Pittsburgh, March 21.—A foreign attachment in a suit is assumed against the Exposition park association, owners of the Pittsburgh Federal club, was entered in the local courts yesterday by Charles H. McWeigan, who claims that the association is indebted to him for the sum of \$24,000 for salary and commission for selling stock of the association. Three local banks and the Baltimore and Ohio railway were named as garnishees. The sheriff was directed to attach the household and the Federal league franchise and all personal property of the defendant in the hands of the garnishees.

FOOTBALL MEETINGS

A special meeting of the Edmonton Football league will be held in Y. M. C. A. on Thursday, April 2, at 8:30 p.m. sharp, for the purpose of discussing the all important question of affiliation with the Dominion Football association. As this is a matter of vital interest to all Soccerists, a full attendance is requested.

New Clubs Should Join. There are, it is understood, several new soccer clubs formed in the city who have not as yet made application to be admitted to the league. But should do so without further delay to the Secretary-Treasurer, 811 Government Ave. Phone 4919.

Boxing in Saskatchewan. Wynyard, Sask., March 21.—Jack Shine of Wynyard, last night knocked out A. L. Mack of Saskatoon in the fifth round of a bout scheduled to be a 15-round bout. Shine led throughout the contest.

Hold Cricket Meeting. A general meeting of the Edmonton Cricket league will be held at 8 o'clock in the evening of "A" squadron, 19th Dragons, corner Sixth street and Victoria avenue.

\$5000 PURSE FOR FUTURITY

Chief Turf Event for Two-Year-Olds Will Be Run at Saratoga.

New York, March 21.—Announcement was made by the Jockey club last night that the futurity, the chief two-year-old event of the American turf, would be run at Saratoga in August. The race this year, it was said, was made possible through the contribution of \$2500 by the owners' fund to the \$2500 guaranteed by the Saratoga Racing association, making the purse \$5,000, as provided for the end of the race.

COMMISSION GIVES DECISION IN FAVOR OF BALL-PLAYER YOUNG

Cincinnati, March 21.—A decision of importance to minor league players was made yesterday by the National baseball commission in which claim of Player George C. Young, who asked the commission to reverse the decision of the national board's disallowance of his claim to be declared a free agent. The commission granted the player's reason.

That Charles P. Taft, brother of ex-President William H. Taft, does not intend to sell his controlling interest in the Chicago Cubs, of the National Baseball league, is the belief of many baseball experts in Chicago. Mr. Taft has already refused \$750,000 for his holdings, and it is doubtful if a higher offer would tempt him.

Red and Gun for April. Rod and Gun for April is out with a bill of fare designed primarily for the fishermen. The cover art, which this month is especially attractive, depicts a fisherman holding up to view a 1 lb. prize salmon trout secured last year in Algonquin Park.

The commission holds that the failure of the Charleston club to tender a contract to Young, February 1, cancelled the right to his services and gives the player liberty to contract with any club he may elect.

That the athletic competitions to be staged at the Panama-Pacific Exposition will equal the Olympic games was the statement of James E. Sullivan, who has just returned to New York after a visit to San Francisco. Work on the track will be begun immediately, and when completed it will surpass any in the world. Every country in the athletic world will be represented at the contests, for which 10,000 entries are expected. The International Olympic committee has conferred the right of holding the modern pentathlon, which will be contested in America for the first time.

According to the schedule drawn up by Mr. Dreyfus, Regina will open the season at Medicine Hat on May 4, playing there for four days. From Medicine Hat they come to Edmonton, where they play from the 9th until the 12th, inclusive. Their next move is to Calgary, where they play from the 14th to the 16th, inclusive. From Calgary they jump to Regina, and the grand opening is booked to take place there May 18.

AT THE TRAINING CAMPS

Evansville, Ind., March 21.—The Chicago Nationals shut out the Evansville Central league players yesterday ten to nothing.

Houston, Texas, March 21.—The New York Nationals, regulars, defeated the Houston, Texas, league team here yesterday 5 to 3.

Macon, Ga., March 21.—The Boston National league team yesterday defeated the Atlanta, Southern Association, club here, 1 to 0.

Memphis, March 21.—Liebhafdt Steele, pitching for the Memphis southern team, were effective at all stages of yesterday's game against the Cincinnati National regulars which Memphis won 4 to 0.

FEDERALS AFTER FISHER AND KELLY OF TORONTO TEAM

Two players on the Toronto ball team, Fisher and Kelly are in great demand by the Federals. The former, who was with Brooklyn last year, is rated as one of the best infielders in the business by McGraw and Dooin, and President McCaffery was exceedingly lucky in securing his release from the Dodgers. Robinson, now manager of the Brooklyn club, raised an awful howl when he took that Fisher was best to him for this season at least. Kelly, who cost the Pirates \$5,500 when they purchased him from St. Paul along with O'Toole, is also a big league backstop, and President Dreyfus would not have sold him only for the fact that he was well stocked with back stops. They are both high priced performers. Fisher will succeed Bill Traut as captain of the Toronto team.

Boxing is making great headway in France. Although Joe Jeannette got the decision over Carpenter, it is not thought that the sport will suffer in detail. Indeed, it is said that Jeannette is himself a Frenchman, although colored. He is even reported to have been born in Paris. While boxing is going ahead it is said to be at the expense of fencing, once the honored pastime of France, but which is now reported to be on the decline.

William Creeking, of Nashville, Tenn., has a good in use for 150 years as a powder horn.

SASKATCHEWAN AMATEUR ATHLETIC ASSOCIATION MEET

Officers Elected, Fix Rules Regarding Allan and Patton Cups.

Regina, Mar. 21.—At the annual meeting of the Saskatchewan Amateur Athletic association officers were elected as follows:

President: T. B. Fulton; vice president: E. M. Murray Thompson; Moose Jaw; secretary: treasurer, J. M. McLeod; Moose Jaw; governors: A. Eustace Hayden and R. W. Love, Saskatoon; D. E. McIntyre and J. M. McLeod, Moose Jaw; J. M. Wood, John Halford and J. E. Armstrong, Regina.

Notice of motion was given to change the name of the Saskatchewan branch of the Amateur Athletic association of Canada.

A resolution was passed to the hockey association stating that inasmuch as the Allan and Patton cups were held in defiance of this province, the executive of the association must make rigid rules governing the residence clause and furthermore must give all possible encouragement to amateur leagues.

McGRAW CLAIMS HIS TEAM WILL BE IN FINE SHAPE

"So far as I have observed," says John McGraw, "I have a great lot of material. I have plenty of good pitchers and outfielders. Matty looks fine after his winter in California, and Tetterau never was in better condition at this time of the year. Marquard ought to start strong for us. He did not have the advantage of training here last season, and, therefore, it took some time for him to get going. I have six left-handers, and should get at least two good ones out of the lot. Later I may make changes in the catching department and infield, but I cannot say how things will shape up, as I have given my team only the once over."

If the Feds spent \$250,000 to get what they have landed, what would they have had to blow to sign T. Cobb, W. Johnson and a few real players?

NARROW individual stripes are the big novelties in Spring Suits.

These are mostly Blues, Grays and Browns—in choice Worsteds and fine Saxons.

The effects are extremely rich and elegant.

PARKS' PROGRAM PROVIDES MANY FINE FEATURES

Commissioner Harrison Con-
fident Burgess will Sup-
port His Plans.

PROPOSED EXPENDITURE
ESTIMATED AT \$115,218

Golf Club Turns Over Grounds
To City—Many Improve-
ments Planned.

The program for 1914 in the line of
parks is one that is generally con-
sidered to be well worthy of commendation
and the hearty approval of the citizens
of Edmonton.

Commissioner Harrison gave a Capital
reporter a brief outline of the work
contemplated. A special report will be
brought down to council tonight recom-
mending that the city purchase the
baseball diamond in the center of the
oval. A general petition has been pre-
sented signed by some of the best ath-
letes in Canada who are now residing
in Edmonton requesting that a proper
path and athletic grounds be laid out.
Commissioner Harrison feels con-
fident that the south side grounds in a
very short time, provided his report is
adopted, will be in grand shape and
the best in Alberta. Some time ago
a committee of the council recommended
that the fence around the south side
grounds be done away with but the
majority of the aldermen think that
the matter should be held in abeyance
until the citizens of the south side have
been consulted. The matter as yet has
not been decided upon.

NOTICE

A Meeting of the Cleaners,
Pressers and Dyers will be held in the
Mechanics' Hall, Third Street,
on Tuesday, March 31, at 8 p.m., for
the purpose of furthering mutual
interest. All parties interested are
urged to attend.

OFFICIAL PLAN for the renumbering
of the City of Edmonton with full
description how to find the house and
street numbering. Price 25c. For sale

MURDERED
Put right out of business, a whole
family of corns by Putnam's Corn Ex-
tractor, which cures corns and warts
in one day. No pain or sore if "Put-
nam's" is used. Refuse substitutes,
25c. per bottle at all dealers.

been consulted. The matter as yet has
not been decided upon.

The city have secured the right to
the professional baseball grounds at
Diamond park, whenever the ball team
is away, for the use of amateurs. There
will be no direct cost to the amateurs
the costs being borne by the city and
coming from the general tax rate.

The penitentiary grounds are being
considered but nothing definite has
been settled on with respect to any
further improvements.

The premier park of the west will be
the golf links or after May 1 Victoria
park, if Commissioner Harrison and
Superintendent of Parks von Aeneberg
have their way. A sum of \$115,000 is
being asked for this year for the im-
provement of parks the bulk of which
will go to the beautifying of Victoria
park.

In the past it has been the pro-
cedure to assess a quarter of a mill
for park purposes and as new build-
ings, etc., are being contemplated it
has been thought advisable to capitu-
late the parks for this amount.

Providing the bylaw for this \$115,000
is passed next Monday there will
be in Victoria park a few days ago a
number of people availed themselves
of this privilege. The clubhouse will
be reconstructed and it is the plan to
serve afternoon tea every afternoon
during the warm weather.

At the present time the woods are
in their virgin state, but a unique sys-
tem is contemplated by the parks com-
missioner. The old rabbit trails will
be followed and paths some three feet
in width will be laid out with the
natural underbrush and trees on each
side. Along the river the underbrush
will be trimmed. These paths will re-
ceive the name of the Rabbit trail.

Last, but not least, the picnicers
will be well looked after there being
two picnic grounds which will be fully
equipped with benches and tables and
hot water will be supplied by the city.
With reference to the parks' bylaw
the following statement gives the
amount to be spent under each head.
Buildings \$9,500.00
Walks and drives 2,400.00
Benches and fountains 1,225.00
Playgrounds 5,500.00
Fences and railings 1,125.00
Grading, cinder tracks, etc. 5,250.00
Fencing 500.00

For proposed cinder track,
agricultural grounds 2,000.00
\$117,218.00

STREET RAILWAY NEWS

Maximum number of cars in service
March 30, 54.
Passengers carried March 28, 48,641.
Passengers carried March 29, 24,608.
Delays—Route No. 4—At 5:20 p.m.
car No. 41, high level extra, turned
back at Ninth and Jasper, and went
to barns. Trouble with air brake
equipment.
Service on all other routes O.K.

Amidst Hanging Wild Rose Vines, Flying Easter Doves and Gorgeous Displays, Spring Shopping Enthusiasm Has Struck a Merry Gait

SINCE the announcement of our opening, Spring and Easter shopping enthusiasm has grown from day to day. You can't help but notice it on every hand. It's behind the counters because a new season never brought prettier styles, weaves and colorings; in front because of the varied assortments and moderate pricing. "Nothing great can be accomplished without enthusiasm," one oracle has put. So with this double enthusiasm prevailing we look for the most successful spring shopping this store has ever experienced.

Maids 35c TEA APRONS Special 25c

MODERATE regular pricing makes this Wednesday special doubly attractive. They are of the quality white muslin with pocket and long self ties; trimmed with British wool lace and colored ribbon bow. Regularly \$1.25 and \$1.50. Special Wednesday 25c

Three Special Price Advantages in the Men's Furnishing Department

MEN WILL simply MAKE time to pay a visit to this section of the store when there are price advantages such as these:

Men's \$1.25 to \$1.50 Underwear at 95c Garment.
The very fact of its being "Putnam's" makes assured big demand. Vests or drawers, made of natural wool yarn in medium weight and unshrinkable. A splendid spring weight. Sizes 34 to 42. Regularly \$1.25 and \$1.50. Special Wednesday 95c
